GENERAL MOVEMENT
TO REDUCE ACREAGE

COTTON GROWING STATES ENTER HEARTILY INTO PLAN TO CONTROL PRODUCTION.

Atlanta, Ga., Feb. 15.—The movement to reduce cotton acreage in the South in 1921 is general, and in many states in the cotton belt the proposed reductions are even more drastic than those in Georgia, Thomas B. King, of Memphis, director of the Cotton Acreage Reduction Committee, has reported to L. B. Jackson, director of the State Bureau of Markets, who is one of the leaders of the reduction movement in Georgia. Cotton acreage reduction meetings which were held in many sections of the state during the week, indicate that Georgia will cut its cotton crop in half and even to a greater extent.

Mr. King visited Mr. Jackson at the state capital and brought a report of his work in all states in the cotton belt, with the exception of the Carolinas and Virginia.

Mr. King said it was certain there will be substantial reductions over all the South. He said Texas will reduce 50 per cent and said a systematic campaign is being carried on in that state, reaching every county. Oklahoma has adopted a plan which provided that each farmer shall raise only an amount of cotton which he alone can pick. He said Arkansas held a convention January 17 and adopted the plan devised at the Memphis convention. This is the same plan which is being used in Georgia.

Mississippi and Louisiana are being organized rigidly, according to Mr. King. He said the Mississippi delta section is lining up in the movement and the farmers are pledging themselves to first raise food and feed for their plantations before touching cotton.

In Alabama a big cotton convention was held two weeks ago at which it was agreed to have each farmer plant only six acres of cotton to the mule. Mr. King said this is the most drastic reduction reported.

What a bale of cotton would purchase in other commodities is shown in a table prepared by Randolph Rose, the average price for each year being taken except 1920, when the December 15 quotations were used, the figures for cotton being New York, where Mr. Rose is an investment broker, and for other commodities Chicago prices:

1920—632 pounds beef cattle; 854 pounds hogs; 113 bushels corn; 48 bushels wheat; 198 bushels unwhashed wool; value of 500 b's, middling cotton, \$9.

1919—1,838 pounds beef cattle; 1,096 pounds hogs; 118 bushels corn; 84 bushels wheat; 221 bushels oats; 360 bushels unwhashed wool; cotton value, \$18.50.

1918—1,633 pounds beef cattle; 867 pounds hogs; 96 bushels corn; 69 bushels wheat; 186 bushels oats; 239 bushels unwhashed wool; cotton value, \$18.

1917—1,718 pounds beef cattle; 1,011 pounds hogs; 107 bushels corn; 69 bushels wheat; 221 bushels oats; 293 bushels unwhashed wool; cotton value, \$18.50.

1916—1,512 pounds beef cattle; 1,195 pounds hogs; 133 bushels corn; 78 bushels wheat; 223 bushels oats; 358 bushels unwhashed wool; cotton value, \$98.

1915—940 pounds beef cattle; 869 pounds hogs; 79 bushels corn; 64 bushels wheat; 133 bushels oats; 251 bushel unwhashed wool; cotton value, \$55.50.

1914—545 pounds beef cattle; 440 pounds hogs; 48 bushels corn; 28 bushels wheat; 83 bushels oats; 182 bushels unwhashed wool; cotton value, \$34.

1913—1,034 pounds beef cattle; 814 pounds hogs; 103 bushels corn; 79 bushels wheat; 166 bushels oats; 366 bushels unwhashed wool; cotton value, \$61.

Mr. Rose, who is a former Georgian, has recently completed a tour of the South. He made a close study of market conditions in this country and abroad. He gave it as his opinion that it would be nothing short of a suicidal policy for the cotton farmer not to reduce his acreage 50 per cent, or not less than 33 1/3 per cent.

BOUGHT ARMY CAP AND FOUND NAME ON INSIDE

Perth Amboy, N. J., Feb. 13.—Howard Tappen, an American Legion member of Perth Amboy, did not cast his bread upon the waters with the traditional return. He did, however, discard his overseas cap many months ago in France.

The other day Tappen bought a renovated army cap at an army goods store here. When he tried it on, he found the size to be just right. But when Tappen looked inside the hat, he was considerably perturbed. On the inner lining was his name written in his own handwriting.

CALL ON PRESIDENT FOR AN ACCOUNTING

HOUSE DEMANDS AN ITEMIZED STATEMENT OF \$150,000,000 WAR APPROPRIATION.

Washington, D. C., Feb. 15.—After heated debate the House today adopted a resolution calling upon President Wilson for an itemized statement showing disbursements and allotments of the \$150,000,000 war fund voted by Congress.

The resolution which was adopted 211 to 79, was introduced by Democrats, who charged that it was put forward at this time to defame and malign President Wilson in the closing days of his administration.

Reference to expenditures by the American peace commission at Paris fanned the flames on the Democratic side and turned the debate into strictly partisan channels.

Chairman Good of the appropriations committee who supported the resolution introduced by Representative Gould, Republican, New York, declared that if any injustice had been done the President the Democrats were responsible by attempting to create the impression that "there was something crooked in the money spending" when the resolution itself did not intimate that there had been anything improper. "Mr. Good declined to offer an amendment calling upon the various government departments for an accounting, which was the method adopted, Democrats said, in asking for accounting of Spanish-American War funds in President McKinley's day.

After the chairman had made a preliminary statement as to what had been shown by partial reports of expenditures, Representative Byrnes, Democrat, Tennessee, declared that while he had no objection to adoption of the resolution, he thought the information should be sought from departments to which the money had been allotted. The President, he said, had nothing to do with the actual spending, that more than four-fifths of the fund had been accounted for, and that it was merely an attempt to present the record.

"The American people will never forget the great achievements of Woodrow Wilson," said Mr. Byrnes, "and his name will fill the brightest pages of history after his detractors are dead and forgotten."

Representative Rogers, Republican, Massachusetts, attacked reported expenditures of the peace commission at the Hotel Crillon in Paris, calling attention specifically to an item of \$125,000 for damages to the hotel property. He said he did not know if chandeliers were in the damage list or at what hour of the morning they might have been broken.

Representative Byrnes, South Carolina, and De W. P. McQuinn, Democrat, bitterly assailed the resolution, Mr. Byrnes insisting that Congress after the Spanish-American War "did not attempt to insult McKinley."

Mr. Byrnes said he did not believe there was a man small enough to question the honesty of the President, "or to peanut politician small enough to question the amount paid for his food."

Mr. Rose, who is a former Georgian, has recently completed a tour of the South. He made a close study of market conditions in this country and abroad. DID MOTHERS OF THE CHILDREN PAY MONEY

WELFARE BOARD INVESTIGATING CASES OF MRS. SOUTH AND HER DAUGHTER.

Atlanta, Feb. 15.—That some of all of the children adopted from the foundlings' home of Mrs. M. T. Mitchell at 22 Windsor street, in this city, by Mrs. F. E. A. South and her daughter, Mrs. Eva May Swain, of Jacksonville, have been secretly supplied with funds by their mothers, is one of the clues upon which the state board of public welfare is working in its investigation of the case.

The first sensational disclosure that Mrs. South had adopted nine of her eleven children from this home and had palmed them off on her mother-in-law, was followed by the equally sensational disclosure that Mrs. South's daughter, Mrs. Swain, had adopted five of her children from the same place, and had worked the same deception on her unsuspecting husband.

It developed, however, that Mrs. Swain's children were not adopted by her in person, but were obtained from the equally sensational disclosure that Mrs. South's daughter, Mrs. Swain, had adopted five of her children from the same place, and had worked the same deception on her unsuspecting husband.

Tone Up Your Blood With It.
Notice the Difference With Rich
Red Blood in Your Veins!

The man or woman of the child
with a sickly-looking complexion, a
pale wan face, has blood that is filled
with poison. Instead of rich red blood
 coursing through their veins, they are
trying to get along with blood that
is weak and thin. It doesn't carry
life-giving qualities through the body.
You see those men and women every
day. They are so tired. Their shoulders
droop. They slouch. It is all
they can do to get around.

As soon as you begin to feel that
way take Pepto-Mangan, the well-
known blood tonic. It will clear the
poisons and make your blood rich
with red corpuscles.

Pepto-Mangan is prepared in both
liquid and tablet form. One has the

RECORD OF THE PAST.

No Stronger Evidence Can be Had in
Statesboro.

Look well to their record. What
they have done many times in years
gone by is the best guarantee of fu-
ture results. Anyone with a bad
back; any reader suffering from uri-
nary troubles, from kidney ills, should
find comforting words in the fol-
lowing statement:

Dan R. Rigdon, mechanic, 7 Col-
lege St., Statesboro, says: "When-
ever I feel that I need a kidney re-
medy, I always take Dan's Kidney
Pills. They never have failed to
remove the aches and pains that trou-
bled me through my back. At times
when about my work, I have to do a
great deal of stooping and lifting,
which is very hard to do with a lame
back. A short use of Dan's always
strengthens my back and makes me
feel fit in every way."

The above statement was given
May 20, 1914, and on March 4, 1918,
Mr. Rigdon said: "Whenever I get an
attack of kidney trouble or back-
ache, I take Dan's Kidney Pills for
I know they will bring relief. They
certainly are a fine medicine, and I
can recommend them just as highly
as before."

DOES NEMESIS FOLLOW LEO FRANK WITNESSES?

Atlanta, Feb. 16.—Does a Nemesis
pursue witnesses in the Leo Frank
case, once the most talked of trial in
the nation's history, but now a closed
chapter in Atlanta court annals?

It is a strange freak of fate, at
least, that those who figured most in
giving testimony in the noted trial
are victims themselves of the hand
of the law. Highlights are interest-
ing at any rate.

The latest figure to suffer punish-
ment is Newport Lanford, a detective.
Lanford has been convicted of the
charge of bribery, his license revoked
and his pension discontinued by the
police board. He was chief of detec-
tives when Leo Frank was convicted
and took a prominent part in the case.
The bribery charge was in connec-
tion with a liquor case at Columbus.

Some days ago Sam Manor and a
confederate plead guilty to robbing
a Jew named Price at the point of a
 pistol. The convicted men were sen-
tenced to the penitentiary from five
to ten years. Mrs. Manor, who col-
lapsed in court when her husband was
sentenced, was formerly a star witness
for the state in the prosecution of
Leo Frank. Two years ago she
was arrested in Chattanooga for play-
ing the lady's game by going dis-
guised into various rooms in a hotel.

She is now under bond in Atlanta for
aiding in the robbery for which her
husband was sentenced.

Jim Conley, a negro and the chief
witness in the Frank case, is serving
a twenty-year sentence for burglary.

10,000 DODGE DRAFT IN SOUTH GEORGIA

WAR DEPARTMENT RECORDS
SHOW MANY FAILED TO RE-
SPOND TO CALL OF COUNTRY

Atlanta, Feb. 16.—Five thousand
men within the jurisdiction of the U.
S. court for the northern district of
Georgia are listed as draft dodgers
on the records of the war depart-
ment in Washington, and their names
have been furnished to Hooper Alex-
ander, district attorney.

Search warrants are being issued
today for about 1,000 of these men,
and the indications are that a total
of 2,000 will be arrested and brought
to jail, while the remaining 3,000 will
be relieved from prosecution because
their failure to report occurred dur-
ing the month of November, 1918,
when rumors of impending peace were
rife throughout the world, and the
general expectation was that the war
would soon end.

In the southern district of Georgia
according to the war department's
records, there are 10,000 men who
evaded the draft and three fourth of
these will not be prosecuted for the
same reason as above stated.

Attention, Farmers!

FARMERS ARE IN THE BUSINESS OF FARM-

SELVES AND FAMILIES—AND CANNOT AF-
FORD TO QUIT. CONDITIONS ARE BAD AND
MAY GET A LITTLE WORSE BEFORE WE HAVE
A FAVORABLE CHANGE, BUT SOME TIME THEY
ARE GOING TO GET BETTER.

YOU FARMERS HAVE GOT TO GET DOWN
TO BUSINESS AND PREPARE TO PLANT A RE-

WITH CORN, BEANS, PEANUTS, HOGS AND CAT-
TLE, ALL OF WHICH ARE GLOOMY NOW, BUT
SOME TIME THERE WILL BE A MUCH BETTER
DEMAND FOR SUCH STUFF.

WE ARE LIKEWISE IN BUSINESS TO MAIN-

BRYAN'S NEW CAPITAL.

That a capital-removal fight is to be waged at an early date, in our sister county of Bryan, now seems certain. There has been for years more or less discussion of this proposition, and coupled with the discussion is a feeling of special interest to Bulloch, in that it has been suggested that part of our county will be asked for to round out a well-shaped county about Pembroke.

While the matter has never reached a very serious stage, casual discussion would seem to indicate that our people generally would not object to a small cutting which would be to the interest of our neighbors in the lower part of the Bay district. It is understood that some of the good people of that district feel that their interests would be served by including them in the county of Bryan if Pembroke is to be made the capital. That town is recognized as their marketing place; many of them receive their mail from that office, and not a few of them do their banking there.

It is more than twenty-five miles from Statesboro to the county line in the lower part of the Bay district, while Pembroke is only two or three miles away from the county line as at present formed. Thus it will readily be recognized that those who have public business to transact could be better served at Pembroke than at Statesboro.

The Times would not be willing to be considered as urging the divorce of any of our good citizens in the Bay district, for really we should regret to lose them; yet we grant that there are reasons why we should consent to a reasonable realignment of our county territory.

The appendix is removed because it is useless. If all unused parts of the human anatomy were to be removed some folks would have nothing else but a mouth and a gall bladder.

ATLANTA STILL LEADS.

Old man South, the Atlanta grocery clerk who for fourteen years innocently continued to tote rations for foundlings which his wife brought from a sanitarium in singles and pairs and triplets and palmed off as his own, is entitled to wear the belt as the most glib man that ever brought groceries for so many months. It turns out, however, that he was being pushed close for the "champion belt" by that son-in-law of his, the innocent Mr. Swain, down in Jacksonville, Fla.

While Mrs. South in Atlanta was adopting eleven children for her own household, it transpires that she adopted five for her daughter, Mrs. Swain, and sent them to her in Jacksonville. While old Mr. South was humping himself to support the rapidly growing family in Atlanta, poor old Swain was toiling early and late for other men's children down in Jacksonville.

How the women worked the deception is a secret which they refuse to divulge. Certainly the two husbands in the case are not enjoying the notoriety which is attached to them as the two biggest fools in all the south, that Atlanta man having only a slight lead over the fellow from Jacksonville.

THE MERCHANT PRINCE.

There was an old geeser
And he had a lot of sense;
He started up a business
On a dollar to eighty cents.
The dollar was for stock
And the eighty for an ad
Which brought him three dollars
In a day, by dad!

Well, he bought more goods
And a little more space,
And he played that system
With a smile on his face.
The customers flocked
To his two by four,
And soon he had to hustle
For a regular store.

Up on the square
Where the people pass
He gobbled up all plate glass.
He fixed up all the windows
With the best he had
And he told them all about it
In a half-price ad.

He soon had 'em coming
And never, never quit,
And he wouldn't cut down
On his ad one jiff.
And he's kept things humming
In the town ever since,
And every one calls him
The Merchant Prince.

PEMBROKE AND LANIER

AFTER COUNTY SEAT

PEOPLE START MOVEMENT TO

TAKE CAPITAL OF BRYAN

AWAY FROM CLYDE.

Pembroke, Ga., Feb. 16.—Interest in the removal of the county seat of Bryan county from Clyde to Pembroke continues to grow. Meetings to boost the movement are being held in Pembroke every week, and, judging by the large attendance at these meetings, not only the people of this section are supporting the movement, but the people of the entire county are behind it.

Citizens of Pembroke, and vicinity have raised \$10.00 with which to erect a new court house. Several offers have been made of lots on which to erect the new building, and plans are under way just as though the removal was a certainty.

The present court house at Clyde is a wooden structure and is in a dilapidated condition, needing repairs. To make these repairs would necessitate hauling lumber from Ways station, nine miles away, which would be a big expense to the county. Most of the people of the county are in favor of taking advantage of the offer made by Pembroke in order to save the county the burden of this expense.

In the meantime, Lanier, located seven miles east of Pembroke, is making preparations to put up a fight for the court house in the event Pembroke is unsuccessful. Lanier also offers to erect a \$10,000 brick court house.

The people of Bryan county, it seems, are determined to have a new court house, and a brick court house, at that—located at some place other than Clyde.

Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday-school and organization work for the Society of Friends or Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most all night and was in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth three times but did not get the relief I had hoped for. Finally I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac, and as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in Statesboro by W. H. Ellis Co. Druggists.—adv.

CLOSING CHAPTER IN AYCOCK CASE

JUDGE EVANS SIGNS FINAL ORDERS WHICH BRINGS LITIGATION TO A CLOSE.

(Savannah Press, Monday.)
An echo of a big case which involved sensational features, was heard in the United States court this morning, when Judge Beverly D. Evans called the docket of civil cases assigned for trial today.

The case was a proceeding by H. M. Oliver, trustee of the bankrupt estate of E. B. Aycock, Jr., against Bessie Flora Aycock, wife of the bankrupt, to recover certain property in her possession which it was alleged had been turned over to her by her husband for the purpose of secreting same from his creditors. While an entry of dismissal was made on the record of the case, July 8, 1919, formal approval of the dismissal was not entered by Judge Evans until today. The case has been pending in the United States court for several years

and was unusually interesting on account of the fact that ancillary criminal proceedings were instituted against the defendant and two brothers of the bankrupt, resulting in the acquittal of the defendant and the sentencing of one of the bankrupt's brothers to a term in the penitentiary on the charge of conspiring with the bankrupt to defraud his creditors.

It is understood practically all of the property alleged to have been turned over to the defendant in connection with the bankruptcy laws was recovered and the order of dismissal is the final chapter of the case.

IN MEMORIAM.

Mrs. Willy Davis was born Sept. 2, 1880, and departed this life Aug. 2, 1920, making her stay on earth 40 years and 11 months. She united with the Primitive Baptist church four years ago at old De Louch's and was a true and loving member. Oh, dear sister, we miss you there so much; and her sweet voice in singing God's sweet praises! She was so sweet to everybody! We have lost a dear, loving sister; she was a sweet wife and mother. She was sick seven weeks. The doctors, nurses, husband and relatives did all they could, but she had to leave us. Oh, it is so hard to part from those we love! She told us all she was in the hands of the Lord. She suffered much, but was so sweet and patient. I feel like sometimes we ought not to grieve after her. We feel satisfied she is at rest, but her home is so lonely we can't help but grieve. We know she can't come back to us, but I will say, husband and children, sisters and brothers, we hope to meet her on the Golden Shore where we will part no more.

Oh, dear Juke, we miss thee! We miss your sweet smiling face; There is no one we know Can fill her vacant place.

But oh, we hope to meet you On that bright and golden shore, Where we will be together Ever to meet to part no more.

Written by her sister.

MRS. E. C. DAVIS.

OBITUARY OF EDGAR BRADLEY

On Oct. 27th, while away from home and loved ones in the interest of his health, God saw fit to take away from this earthly vineyard Bro. Edgar Bradley to that Heavenly home where there is no sorrow, no pain or suffering, but love, joy, peace and happiness forever.

Edgar was born June 30th, 1901. In 1908 God saw fit to take away from this earthly vineyard his dear father and mother to their Heavenly home; their death being only sixteen hours apart. They were both laid in the same grave, happily to rest in Jesus, thus leaving Edgar only seven years.

In July, 1914, he accepted Jesus as his personal Savior and united with the Corinth Baptist church and lived a consistent member both to his church and Sunday-school, and the church of our young brother, but can rejoice in the fact that our loss is his eternal gain; therefore we humbly bow in submission to God's will, for He doeth all things well.

Harvester Company Brands Story False

DURING the past month, reports have come to us that at farmers' meetings charges have been made, sometimes directly and sometimes indirectly, that this Company has adopted a policy of refusing to supply repair parts for old machines in order to compel the purchase of new ones. This statement is absolutely false. Such a policy has never been considered by this Company nor suggested to it.

Ordinarily we ignore such reports, because we have learned that any large company, no matter how fair and high principled, is subject at all times to unjust criticism. The facts are this Company has always recognized the importance of repair service and has used every effort to make IHC service the best. We believe we can truthfully say that the repair service furnished wherever this Company's goods are sold is equal if not superior to that furnished on any manufactured line.

We call attention to the fact that machinery "Fix-up Weeks," instead of being something new and originated by the farmers in 1921, as some seem to think, were really an outgrowth of the movement started by manufacturers and dealers' associations in connection with the Council of National Defense as a war conservation measure. Perhaps no other agency has done so much to promote "National Repair Week" as this Company.

The farmer needs machines which will be efficient and economical. If his old machines can be repaired so as to render efficient and economical service, he would be foolish to purchase new ones. Whether the farmer utilizes and repairs his old machines or buys new ones is a question for him to determine. But in making his decision, we give to every farmer who owns any IHC machine the assurance that a full stock of repair parts will always be provided by this Company.

Today, our repair stocks on the territory available for the farmers are 21 per cent greater than ever before at this time of the year. An average of a quarter million pounds of repairs are shipped from IHC factories for every working day in the year. Thirty million dollars' worth of repair parts are now ready, as insurance for the farmer when he needs this service.

In every International Harvester Works manufacturing order call for repair parts first and even when furnishing them has meant cutting down production of new machines for which we had orders, repairs have always had preference. At every one of our 91 branch houses throughout the country, where we have an assortment of repairs in stock are always ready and willing to render every assistance.

This service which this Company has rendered through the years to those who have purchased its machines has been a matter of great pride to the Company, and is the foundation of the cordial good-will existing between it and its customers.

We feel it is due the Company and those who have purchased its machines that we give the widest publicity to the fact that this service of repairs will be maintained and improved, and that any charges to the contrary are untrue.

Money! Money! Money!

While a great many loan companies have discontinued business for the present, PEARSONS-TAFT LANDS CREDIT COMPANY are still supplying all demands. This is the oldest loan company of its kind in the United States. They are now lending money on the same plan as the United States government did—Twenty years in which to pay back and no charges for renewal. Pay the entire amount when you see fit and not pay for the use of the money any longer than you use it. Makes loans from 30 days to 20 years. You can get it on any plan you select. Let me help you buy a farm, or pay for one you have already bought, stump and clean up new grounds, stock the farm, build on a new modern home. I can assist you in owning your home in town. Why rent at \$25.00 per month when I can let you own it for \$10.00 per month and you pay back in less amount than you are paying house rent.

HODGES SCHOOL NEWS

The teacher gave the pupils a surprise Valentine party. Each child carried their Valentines to the teacher on Monday morning for inspection.

At 10 o'clock there was a pretty little postoffice made from a stump in the woods. Dinner was served, then each one gathered around the postoffice patiently waiting for the postman to deliver their mail. Some games and hunting of violets were special events of the occasion. Each one went home with a joyful heart.

When the school heard of their report bearing exhibit honors, they replied, "We are proud to know we brought written excuses from our patrons for absence."

On Feb. 22, Washington's Birthday, we have changed the time of our program to 11 o'clock, then the patrons and others will have a severe dinner.

After dinner there will be several men to speak for us. We have asked the Middle Ground school to be with us. We trust everyone will be in the mood for a joyful time.

Secretary of Commerce—Herbert Hoover, of California.

Secretary of Labor—James J. Davis, of Pennsylvania.

St. Augustine, Fla., Feb. 22.—President-elect Harding completed his cabinet slate today by a virtual selection of Edwin Denby, of Detroit, Mich., as secretary of the navy.

The choice was the first big surprise among the cabinet selections, Mr. Denby's name having never appeared in newspaper speculation.

He is an attorney and a former member of congress and has served as an enlisted man in wartime in both the navy and marine corps.

It is understood a formal tender of acceptance are yet to be exchanged, but Mr. Denby is regarded by those close to Mr. Harding as practically certain to take the place.

There were also growing indications today that the virtual selections of Herbert Hoover, of California, to be secretary of commerce, and James J. Davis, of Pennsylvania, to be secretary of labor would be definitely fixed, putting the complete cabinet in its final form.

PUBLIC POURING ON COURT HOUSE SQUARE

A public exhibition of how booze may be legally disposed of, was given in Statesboro Monday afternoon when six gallons of the liquid refreshment were poured into the streets at the front of the court house and allowed to course its way into the storm sewer at the monument corner.

The incident was one of interest, and a considerable crowd was gathered on short notice. The pouring was done by County Policeman Walton, who, in company with Policeman Ed Brannen, had just arrived in the city from the Bulloch bay with the stuff.

There was quite considerable fun and hilarity accompanying the incident, which was new so far as a public exhibition was concerned. The aroma was quite strong, and those who posed as judges avowed solemnly that it was real shine.

The "thousand times" of the Times staff caught a slight taste, from the flood as it went into the gutter, but was unable to testify whether it would produce intoxication, the quantity tested not being sufficient.

As a brief after-event to the affair, Rufus Ware, colored, entered a plea in Judge Proctor's court a few minutes later to having been engaged in the manufacture of the stuff, and received a fine of \$50 or ten months on the chain gang.

He will probably decide to take the gang sentence, due to the present stringency of the condition of finances.

The capture was made in what is known as the Bulloch bay, and Rufus was engaged at the still when city officers discovered him. He good-naturedly admitted that they found him before he saw them, otherwise they would not have caught him.

He denied that he was manufacturing for himself, but contended that he was in the employ of a white man in Bryan county, and was employed at \$2.00 per day to operate the still.

He said it was his purpose to operate for wages only till he could get a little ahead of the game, adding his wages to what he could "steal" from his employer, when he would have branched out for himself. Before the court he made a full confession of the affair, expressing the wish that the judge might be lenient with him in view of the fact that he was not physically strong and had been produced by physicians unfit for road duty.
